**SECTION 1: PRODUCT AND COMPANY IDENTIFICATION**

Manufacturer: Ameriplus, Inc.  
(Attn: Denise Gjerswald)  
535 S. Hercules Ave., Suite 201  
Clearwater, FL 33764  

Telephone: (813) 855-6688  
Fax Number: (813) 854-2225  
Email Address: dgerswald@ameriplus.com  

Product Name / Code: Tile Plus Cleaning Vinegar w Oxy / 31214  
Recommended Use: Cleaning Compound  
Restrictions on Use: Keep away from children  
Emergency Contact / Number: ChemTel / (800) 255-2924  

**SECTION 2: HAZARD IDENTIFICATION**

Signal Word: Not Applicable  
Hazards: Not Classified  
Precautionary Statements: Not Applicable

**SECTION 4: FIRST AID MEASURES**

Eye Contact  
Flush eyes with clean, lukewarm water for at least 15 minutes while holding eyelids open. Remove contacts if present and easy to do. Get medical attention if irritation persists.

Skin Contact  
Wash affected area with water or mild soap and water then rinse with water. Remove any contaminated clothing and wash before reuse. Get medical attention if skin irritation occurs.

Ingestion  
Obtain medical attention if you feel unwell. Bring this SDS and other product documents with you. Do not induce vomiting. Dilute with two glasses of water unless victim is unconscious or very drowsy. If vomiting occurs, keep head below hips to avoid aspiration into lungs. Never give anything by mouth to an unconscious person.

Inhalation  
Remove victim to fresh air and seek medical attention if adverse effects are observed. Give artificial respiration if breathing is affected or stopped.

**Most Important Symptoms / Effects**

Eye irritation symptoms include tearing, redness, and/or blurred vision. Skin irritation signs and symptoms include irritation and redness. Swallowing may cause gastrointestinal irritation and nausea. Inhalation may cause dizziness, headache or nausea. Effects vary by degree of exposure and individual’s susceptibility. See Section 11 for more information.

**Indication of Immediate Medical Attention and Special Treatment, If Necessary**

Persistent eye or skin irritation, ingestion, gastrointestinal or respiratory distress. See Section 11 for further details.
SECTION 5: FIREFIGHTING MEASURES

Suitable and Unsuitable Extinguishing Media
Product will not burn. Use water spray, dry chemical, foam or CO₂ as applicable to the surrounding fire.

Specific Hazards Arising from the Chemical
May produce toxic fumes, gases, and vapors in a fire.

Specific Protective Equipment and Precautions for Fire-Fighters
Use a water spray to cool fire-exposed containers, structures and to protect personnel. Do not enter confined fire space without full equipment and a positive pressure NIOSH-approved self-contained breathing apparatus.

SECTION 6: ACCIDENTAL RELEASE MEASURES

See Section 8 for personal protective gear.

Personal Precautions
Isolate release area and keep unnecessary or untrained people away. Avoid skin or eye contact with spilled material.

Environmental Precautions
Contain spill if it can be done with minimal risk. Prevent liquid from entering drains, sewers or waterways. Advise EPA, state or local agencies as required.

Methods for Cleaning Up
Spill areas may be slippery. Mop up small spills. Dike area with sand or other material for large spills. Flush area with water to neutralize and remove slip hazard. Do not discharge to the environment.

SECTION 7: HANDLING AND STORAGE

See Section 8 for personal protective gear.

Handling and Storage
Store only in original or compatible, clearly labeled container. Store containers in a cool, well-ventilated area away from heat, sources of ignition and incompatibles. Empty containers should be completely drained, rinsed, closed, and disposed of properly. Use good hygiene practices when handling product, including changing and laundering work clothes after use. Avoid eye contact. Avoid prolonged or repeated contact with skin and clothing. Avoid breathing vapors or mists. Wear proper protective equipment. Do not ingest. Get medical attention if you are exposed and feel unwell.

SECTION 8: EXPOSURE CONTROL AND PERSONAL PROTECTION

Exposure Limits
Component Name Components do not have exposure limits at the levels used

Engineering Controls
Use appropriate ventilation to maintain good air quality. Have accessible safety shower and eye wash.

Eye and Face Protection
Wear safety glasses with side shields or chemical safety goggles as appropriate to the work assignment; use face shield if splashing is possible e.g. when pouring or working with large amounts.

Skin Protection
Wear protective gloves and clothing to avoid contact. Launder clothing if contaminated.

Respiratory Protection
Maintain good ventilation or air flow. Respiratory protection not normally needed. Use OSHA approved respirator in areas where the exposure is high or unknown.

General Hygiene
Follow accepted work practices for handling a possible skin and eye irritant. Do not eat, drink or smoke in areas where this product is used or stored. Wash thoroughly with soap and water after task or shift, when using the restroom or before eating.

Note: Physical and chemical properties are provided for safety, health and environmental considerations and do not fully represent product specifications. Those should be requested separately.

### SECTION 10: STABILITY AND REACTIVITY

**Reactivity**

Stable under normal use and storage conditions.

**Chemical Stability**

Stable under normal use and storage conditions.

**Possibility of Hazardous Reactions**

Will not occur under normal conditions.

**Conditions to Avoid**

None known

**Incompatible Materials**

None known

**Hazardous Decomposition Products**

None known; possibly toxic gases or vapors in a fire or at very high temperature.

### SECTION 11: TOXICOLOGICAL INFORMATION

Specific toxicity tests have not been conducted on this mixture. In accordance with OSHA’s Hazard Communication Standard 1910.1200, this mixture is assumed to have the same health hazards as its significant components.

**Acute Toxicity Effects**

Likely routes of exposure are skin and eye contact which can cause irritation. Swallowing material may cause inflammation or irritation to the digestive tract with severity depending on individual’s sensitivity and amount ingested. Inhalation may cause respiratory irritation, dizziness, headache or nausea.

**Chronic Toxicity Effects**

Long term or repeated exposure may aggravate any acute symptoms.

**Carcinogenicity**

NTP, OSHA and IARC have not identified any carcinogenic ingredients.

### SECTION 12: ECOLOGICAL INFORMATION

Specific environmental tests have not been conducted on this mixture.

### SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of in accordance with local, state/provincial, and federal environmental regulations.

### SECTION 14: TRANSPORT INFORMATION

**DOT Information**

Not Regulated
SECTION 15: REGULATORY INFORMATION

TSCA and DSL Status
All components are listed in the TSCA and DSL inventories.

SARA 311/312 Reporting Categories
None

SARA 313 Reportable Ingredients
None

SECTION 16: OTHER INFORMATION

Department Issuing SDS   Health and Safety
