Section 1: Product and Company Identification

Product Name: "Sure Scents Odor Neutralizer"

Recommended Use: Odor Neutralizer Spray, No restrictions on use.
Use only for the purpose on the product label.

Manufacturer:
Thornton Industries Inc.
2000 N Ashley Road
Morris, Illinois 60450

Nonemergency Contact Number:
Thornton Industries Inc. (815) 942-2224

In case of medical emergencies, please contact your local poison control center.

Section 2: Hazard(s) Identification

“Consumer Products” as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

Classification of the substance or mixture:
Not classified.

GHS Label elements, including precautionary statements:
None.

Hazards not otherwise classified (HNOC) or not covered by GHS – None.

Section 3: Composition/Information on Ingredients

Pure substance/mixture: Mixture

The following chemicals are classified as health hazards in accordance with paragraph (d) OSHA 29 CFR 1910.1200.
*The specific chemical identity and/or exact percentage (concentration) has been withheld because a trade secret is claimed in accordance with paragraph (i) of OSHA, 29 CFR 1910.1200.

Section 4: First-Aid Measures

Description of first aid measures

Inhalation: Remove individual to fresh air and contact physician if symptoms develop or persist.

Skin Contact: Rinse affected area with large amounts of mild soap and water until no evidence of product remains. Get medical attention if irritation persists.

Eye Contact: Immediately flush eyes with water for 15-20 minutes. If discomfort or irritation persists, seek medical attention.

Ingestion: Do not induce vomiting. If patient is conscious, give 2 glasses of water. Contact a Physician or Poison Control Center immediately.

Most important symptoms and effects, both acute and delayed
Refer to Section 11 - Toxicological Information.

Indication of any immediate medical attention and special treatment needed

Note to Physician: All treatment should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Section 5: Fire-Fighting Measures

Extinguishing Media

Suitable Extinguishing Media: Regular Foam, Carbon dioxide, Dry Chemical, Water

Unsuitable Extinguishing Media: No data available.

Special Hazards arising from the substance or mixture

Unusual Fire and Explosion hazards: No data available.
Hazardous Combustion Products: No data available.

Firefighters Recommendations

Special Protective Equipment: As in any fire, wear self-contained breathing apparatus pressure demand, MSHA/NOISH(approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Personal Precautions:
None under normal use conditions.

Emergency Procedure:
As a precautionary measure, isolate spill or leak area. Eliminate all ignition sources and keep unauthorized personnel away.

Environmental Precautions:
Avoid run off to waterways and sewers.

Methods and material for containment and clean up:
Contain the spill. Sweep up and shovel into suitable containers for disposal.

Section 7: Handling and Storage

Precautions for safe handling
Handling: No unusual handling is required when using the product for the intended use. Keep out of reach of children.

Conditions for safe storage, including any incompatibilities
Storage: Keep out of reach of children. Keep container tightly closed in a dry, cool and well-ventilated place.

Incompatibilities: None known.

Section 8: Exposure Control/Personal Protection

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting.

Engineering measure: No information available.

Personal protection equipment (PPE)
Eye/Face protection: Not required under normal use.
Hand protection: Not required under normal use.
Skin/Body protection: Not required under normal use.
Respiratory protection: Not required under normal use.
Hygienic measures: No special measures required.

Section 9: Physical and Chemical Properties

Appearance: Clear liquid
Physical State: Water thin liquid
Color: Colorless
Odor: Characteristic
Odor Threshold: No information available
pH as is: 5 – 7 @25°C
Viscosity: No information available
Relative Density: 1.0 g/ml @25°C
Water Solubility: Soluble
Safety Data Sheet

Date prepared: December 29, 2017  Revision number: 0

Flash Point: ............................................. No information available
Vapor Density: ............................................. No information available
Melting Point/Freezing Point: ............................................. No information available
Boiling Point and Boiling Range: ............................................. No information available
Evaporation Rate: ............................................. No information available
Flammability (solid, gas): ............................................. No information available
Upper/lower flammability or explosive limits: ............................................. No information available
Vapor Pressure: ............................................. No information available
Partition coefficient: n-Octanol/water: ............................................. No information available
Auto-ignition Temperature: ............................................. No information available
Decomposition Temperature: ............................................. No information available

VOC Content (%): ............................................. Product comply with US state and federal regulations for VOC content in consumer products.

Section 10: Stability and Reactivity

Chemical Stability: ............................................. Stable under normal temperatures and pressures.
Reactivity: ............................................. No dangerous reactions under normal conditions of normal use.
Possibility of Hazardous Reactions: ............................................. None under normal processing.
Conditions to Avoid: ............................................. None under normal processing
Incompatible Materials: ............................................. No data available
Hazardous Decomposition Products: ............................................. None under normal use

Section 11: Toxicological Information

Routes of Exposure

Acute Health Hazard
Inhalation: ............................................. Specific data not available. Health effects are not expected from vapor generated at normal temperatures. If first aid is required move victim to fresh air.
Skin: ............................................. Specific data not available. Overexposure may cause a skin reaction such as redness.
Eye: ............................................. May cause redness or irritation.
Ingestion: ............................................. Specific data not available. May be harmful if swallowed. May cause irritation, nausea or vomiting.

Chronic Health Hazard
Chronic toxicity: ............................................. Specific data not available. Product is not expected to cause chronic symptoms from short or long term exposure.
Skin sensitization : No known effect
Respiratory sensitization : No known effect
Germ cell mutagenicity : No known effect
Neuronal Effects : No known effect
Reproductive toxicity : No known effect
Developmental toxicity : No known effect
Teratogenicity : No known effect
STOT single exposure : No known effect
STOT repeated exposure : No known effect
Target Organ Effects : No known effect
Aspiration hazard : No known effect
Carcinogenicity : No known effect

Section 12: Ecological Information

Ecotoxicity: This product is not expected to be hazardous to the environment.
Persistence and Degradability: No information available.
Bioaccumulative Potential: No information available.
Mobility in Soil: No information available.
Other Adverse Effects: No information available.

Section 13: Disposal Considerations

Waste Treatment Methods
Waste from Residues / Unused Products
- Dispose of content accordance with local, regional, national, and/or international regulations.

Contaminated Packaging
- Dispose of container accordance with local, regional, national, and/or international regulations.

Section 14: Transport Information

UN Number: Not regulated.
UN Proper shipping name: Not regulated.
Transport Hazard Class: Not regulated.
Packing Group: Not Applicable
DOT: Not regulated.
IMDG: Not regulated.
IATA: Not regulated.
Section 15: Regulatory Information

U.S. Federal Regulations

Food and Drug Administration (FDA): .......... The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetic Act and is safe to use as per directions on container, box or accompanying literature (where applicable)

Toxic Substances Control Act (TSCA): .......... All substances are listed, or exempt from the TSCA inventory.

SARA 313 Toxic Chemicals: .................... Not applicable for consumer use
CERCLA : ........................................ Not applicable for consumer use
Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61): Not applicable for consumer use
Clean Air Act: ..................................... Not applicable for consumer use
California Proposition 65: ......................... No California Prop 65 chemicals are known to be present and is not subject to warning labeling under California Proposition 65.

U.S. State Right to Know Regulation (RTK)

Canadian Environmental Protection Act ...All components of this product are on the Canadian DSL/NDSL list.

Section 16: Other Information

The information herein presented makes no representation or warranties and is based on ingredients SDS and/or recognized technical sources. This information is believed to be accurate and it is intended solely to assist in evaluating the suitability and proper use of this product following the safety precautions and procedures. Final determination as to its suitability for health and safety purposes is the sole responsibility of the user. This information applies only to the product designated above and does not apply to its use in combination with any other materials, products or chemical compounds.
